## NT1 HS L

### High Efficiency belt for paper converting

**NT1 HS L** is designed to offer **highest resistance to abrasion** and **increased production efficiency** in Paper converting and packaging.

The special combination of Chiorino **HS<sup>®</sup> elastomer**, **perfect planarity** and **flexible 1.0 mm structure** guarantees excellent performances in a wide variety of applications, such as paper cutting, stackers, reams conveyors, wrapping and binding.

KEY FEATURES	BENEFITS
Excellent resistance to abrasion of the HS <sup>®</sup> cover	▶ <b>Long service life</b>
Perfect planarity and optimal coefficient of friction	▶ <b>Perfect paper transfer at high speed</b> <b>Increased efficiency</b>
Constant and uniform thickness	▶ <b>No paper jams</b> <b>Less material waste and downtime</b>
